easter

LET'S MAKE

Easter Bunting

You will need:

- **Craft rope**
- **Scissors**
- **Glue or mini pegs**
- **Coloured card**

Instructions:

1. Measure out the desired amount of rope.
2. On your coloured card, draw enough bunny and egg shapes to fill the length of your rope, leaving a 3cm gap between each. Don't forget to add your bunnies faces!
3. Cut out your easter shapes - you could even try adding in Chick or Daffodil designs if you are feeling crafty!
4. Stick the Easter shapes to the rope, alternating designs as you go, using the glue. You may want to press down firmly for a couple of seconds to ensure these stick properly - remember to do this on top of a wipeable surface in case of any mess!
5. Add your mini pegs to the stuck down shapes.
6. Hang in place for all to admire!
